

# will add a form in odoo12

---

- will add a form in odoo12
- this form will have points in english,points in arabic,logo,project developer,project name
- this will be a basic template for gas service agreement
- we will push this template in odoo14
- customer should have an option to select the project developer and the area
- once done we have to pass the amount to this template to make the download option
